

## DRAGON'S TAIL

**Items needed:** 2 handkerchief or rags for the tail

Separate players into two groups and have them line up. Each player holds on to the waist of the person in front. The last player tucks a handkerchief in a back pocket. Have the dragons face opposite sides of the room and then say go. The person at the dragon's head chases the handkerchief of the other team, trying to snatch it. The teams try to capture each others tail while protecting their own tail.

Variation:

If you only have enough for one team have them chase their own tail. When the tail is captured the head becomes the new tail person and the next in line is the head.
