

## **BOPPER!**

**Items Needed:** “Bopper”(newspaper, nerf bat, foam “noodle” toy cut in half), optional: Chairs

Everyone in the group sits in a circle (on a chair). Choose a person to be “IT,” and give him/her the bopper. IT calls the name of some in the group and whoever has that name must stand up, call another name, and sit down before IT bops them on the head. If IT bops a person on the head, that person becomes IT. (You can also have the group just step forward when their name is called instead of having chairs.)

Variation: Players can be other things such as colors, animals, states, etc.
