

FIND THE GUEST

Items Needed: Sticky-type Name Tags, Marker, 3x5 cards, Pens or Pencils

Place another person's name tag on the back of each person in the group. Do not tell the person whose name is on their back. Give each person a 3x5 card and a pen or pencil and instruct group members to find out from others as much as they can about the person whose name is on their back and write the information on the card. While gathering information, he/she tries to guess whose name is on his/her own back. At the end of a set time limit, have the group gather together and allow each person a chance to guess whose name they had on their back. After finding out whose name was on his/her back, have each person introduce the person whose name they had on their back by using the information gathered on their card.
