

SUIT UP

Items Needed: Cards, chairs for each

Have everyone sit in a circle (on chairs). Give everyone a card (Hearts, Diamonds, Clubs, or Spades).

Cards are picked from a deck. If your suit is drawn, the player must move the number of chairs to the left as what's on the card drawn.

People being sat on can't move. Aces are worth one, Jacks are worth 11, Queens are worth 12, and Kings are worth 13.
