

## BODY SHUFFLE

**Items Needed:** A two-by-four board for each 6 people.

This works best with only about 6 people on each board. The object is to get everybody to switch places (ex. go from 1,2,3,4,5,6 to 6,5,4,3,2,1). They cannot step off the board. If they do, they must start over.

Variations: Blindfold a couple; prohibit talking, etc.
